

The Extra Heavy Duty Master Series' modular approach combines the convenience of custom kitchen design with proven, premium quality components to deliver world class functionality.

Featuring stainless steel construction front and sides, large front 'plate rail' 191mm deep and 2.5mm thick.

2 piece burners are easy to remove and clean with protected individual pilot lights and flame failure as standard. Large 683mm deep work surface fits two 300mm pots easily and grate design allows pots to slide across the surface easily.

Large easy-to-use control knobs are located beneath the front rail protected from any potential spills. The modular top sits on top of the 683mm high storage base.
