

Drawer warmer is controlled by ON/OFF adjustable thermostat with a range of 16° to 93°C and includes holding temperature gauge to monitor temperature.

Each drawer includes 508mm x 305mm x 152mm stainless steel pan. Removable 16 gauge stainless steel drawer rail supports per drawer. The drawer assembly is easily adapted to accept an oversized pan that is 381mm x 508mm x 127mm for greater capacity. The drawer warmer is designed to allow stacking.

STANDARD FEATURES

- HALO HEAT a controlled, uniform heat source that gently surrounds foods for better appearance, taste, and longer holding life.
- Product moisture is retained without adding water.
- Holding temperature gauge monitors inside air temperature.
- Extra large pans for additional capacity, or can be adapted to accept standard full-size pans.
- Can be built into cabinets or counters. Built-in trim kits are available.
- Stackable design.

OPTIONAL FEATURES

- Castor stand assembly
