

C150A-HC

MODULAR ICE CUBE MACHINE

Brema's C range of modular ice cube heads produces attractive, crystalline ice cubes weighing 13g which rapidly chill and enhance the appearance of any beverage.

The Brema C150A-HC is a modular ice cube machine that produces 152kg of ice per 24 hours and is designed to fit on top of a range of Brema storage bins with differing capacities from 200kg to 350kg. The C150A-HC can also be double stacked on top of another C150A-HC to increase ice production.

With its high production of ice cubes, the C150A-HC modular ice cube machine is perfect for hotels, restaurants, bars and clubs.

STANDARD FEATURES

- 152kg production per 24 hours
- Can be installed on top of storage bins with capacities between 200kg and 350kg
- Produces crystalline 13g cubes
- Production rated at 21°C air and 15°C water
- Hospital grade stainless steel outer
- Electromechanical operation
- Stainless steel spray arm

STANDARD ACCESSORIES

- Water inlet hose
- Drainage hose
- External water filter
- Pressure limiting valve

DIMENSIONS

862W x 555D x 720H mm

Clearances: Rear: 100mm Sides: 100mm

POWER SUPPLY

240V 50Hz 15A single phase (plugged)

CONNECTIONS

3/4" Water inlet, 24mm Water outlet & Electrical connection

	W	H
Water inlet	126 mm	284 mm
Water Outlet	69 mm	297 mm
Electrical Connection	140 mm	355 mm

USABLE BINS

BIN200, BIN240PE, BIN350

TECHNICAL DATA

Energy Consumption: 1260W

Production 24h: 152kg

Cooling System: Air

Cube: 13g

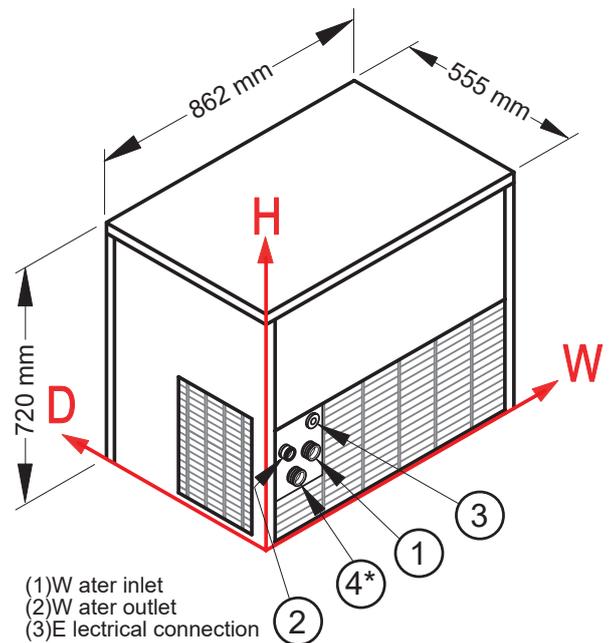

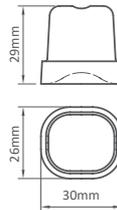

Refrigerant: R290

Weight: 118kg

WaterMark: Yes

13g Cubes

- (1) Water inlet
- (2) Water outlet
- (3) Electrical connection

*(4) Water cooled model only - available upon request
