# **CAMBRO**

# Camshelving® Basics Series

# **4-Shelf Stationary Starter Units**

1 Post Height

72" (1830 mm)

3 Shelf Depths

18" (460 mm), 21" (540 mm), 24" (610 mm)

**4 Shelf Lengths** 

36" (910 mm), 42" (1070 mm), 48" (1220 mm), 54" (1380 mm), 60" (1530 mm)

# **Starter Unit Includes:**

4 stationary posts with leveling feet installed pre-assembled with post connectors and collar wedges, 4 bags of 8 each stationary traverse dovetails (4 ea. A and B), Vented shelf plates (for 4 shelves), 8 stationary traverses and instructions.

#### **Features & Benefits**

## **Strong Technology**

Posts and Traverses are built using advanced manufacturing technology and the use of a non-corrosive composite material. The light-weight, yet extremely durable composite material in Camshelving® Basics Series endures even the toughest environments and supports all food safety, HACCP and sanitation recommendations. Shelves up 48" (1220 mm) long hold up to 600 lbs. (272 kg) evenly distributed static weight. Shelves 54" - 60" (1380 mm - 1530 mm) long hold up to 500 lbs. (227 kg) each. Shelves connected by Corner Connectors hold up to 300 lbs. (136 kg) on a 30" (760 mm) to 48" (1220 mm) traverse.

### **Smart Design**

Similar to other shelving products by Cambro, shelf plates can be easily removed, washed individually or in sections and placed in an open-end Camrack® (OETR314) and washed in a commercial dishwasher.

### **Uncompromised Reliability**

Resistant to scratching, peeling, warping and corrosion every component in Camshelving® Basics was rigorously tested for strength, reliability and performance. Functions in temperatures down to -36°F (-38°C) or warm environments up to 190°F (88°C).

#### **Exceptional Value**

Innovative design helps maximize valuable space and provides strength and stability. Straight line components are attached by sharing posts of existing units with no loss of weight-bearing capacity. Camshelving® Basics features a lifetime warranty against rust and corrosion eliminating the need for unnecessary replacement costs.

# **Requires Minimal Assembly**

Can be put together with the use of a rubber mallet. Two-piece dovetails secure Traverses so they can be set easily into place.

Quantity\_\_\_\_\_

Four Shelf Unit with Vented Shelf Plates.

Set of Left and Right Corner Connectors (1 set required per shelf).

### Flexible Design

Shelves can be easily adjusted at 4" (102 mm) increments. Add a shelf to an existing unit by simply ordering the appropriate Shelf Kit. Adjustable foot on bottom of each stationary Post adjusts easily for floor irregularities so shelf contents are securely stored and leveled.

#### **Optional Accessories**

54" (1380 mm) or longer.

Includes Wall Fastener, Seismic Foot and Identification Tag for shelves. Identification Tag clips easily onto traverses.

# **Approvals**

Does not include Wall Fastener, Seismic Foot, Corner Connector and ID Tag.
