

HI LINE PROFESSIONAL PASS THROUGH DISHWASHER AND UTENSIL WASHER COMPLETE WITH CONDENSING HEAT RECOVERY HOOD

The HCXLR-CRC passthrough dishwasher and utensil washer that comes complete with in-built hood/heat exchanger to remove steam and hot air and reduce energy consumption. The HCXLR-CRC guarantees excellent performance, hygiene, reliability and low energy use. The digital control panel with colour coded buttons displays the operating status along with wash and rinse temperatures. The RCD (Rinse Control Device) ensures that consistent water pressure is applied during the rinse phase. The vertically installed wash pump is self draining to prevent dirty water building up.

Features hood activated cycle start and manual cycle start, drain pump, atmospheric RCD booster and electronic adjustment of detergent and rinse aid dispensers.

It's massive 600 x 500 x 530mm washing chamber and powerful pump, the HCXLR is truly a multi purpose washer designed to wash GN 2/1 trays, containers, pans as well as plates, crockery, cutlery and glasses. The HCXLR features a 30% higher capacity compared to the standard size pass through dishwasher.

- A | TANK DRAIN
- B | WATER INLET 50/60°C - 2/4BAR
- C | ELECTRICAL CONNECTION

DIMENSIONS

Dishwasher: 724W x 740D x 1994/2120H mm

Clearance: 530 mm

Rack size: 600mm x 500mm

WASH CYCLE

5 Cycles - FAST (47 sec) / Glasses (90 sec) / Dishes (120 sec) / Intensive (240 sec) / ECO2 (240 sec)

POWER SUPPLY

400V 3N 50Hz 20A three phase (not plugged)

TECHNICAL DATA

Energy Consumption: 11.2kW

Water Temp. Supply: 20°C

Water Connection: 2-4 bar, 3/4"

Tanks Drain: 50mm

Water Consumption: 2.8L per cycle / rack

Noise: 66 dBA

Weight: 160 kg

Control Panel: Digital
