

Lincoln Impinger I 1400 Series is a self-contained conveyorised Impinger gas or electric oven that is stackable up to two high and designed for large cooking outputs.

The Impinger I has a 32" (813mm) wide x 40" (1016mm) deep baking chamber and a front access door with cool handle. The digital control panel makes it simple to adjust speed and temperature.

Has single fan cooling for quieter operation and a wide temperature range of 121°C to 316°C. Conveyor and air distribution fingers are removable through the front door for easy cleaning.

Comes with 73" (1854mm) conveyor and includes crumb trays below the belt outside the baking chamber.

Standard with FastBake™ technology which can reduce bake time by as much as 30% without increased noise levels or loss of product quality.
