

The Lincoln Impinger 1600 Series is a self-contained conveyorised Impinger gas oven that is stackable up to three high and designed for medium to large cooking outputs.

The Impinger has a 32" (812mm) wide x 40" (1016mm) deep baking chamber and a front access door with cool handle. The digital control panel makes it simple to adjust speed and temperature.

The low profile design allows for triple stacking within a manageable footprint (1387mm height to top conveyor).

Standard with FastBake™ technology which can reduce bake time by as much as 30% without increased noise levels or loss of product quality.

triple deck shown
