

Narrow design drawer warmer is controlled by ON/OFF adjustable thermostat with a range of 16° to 93°C and includes holding temperature gauge to monitor temperature.

Each drawer includes 325mm x 530mm x 150mm stainless steel pan. Removable 16 gauge stainless steel drawer rail supports per drawer. The drawer warmer is designed to allow stacking.

STANDARD FEATURES

- HALO HEAT a controlled, uniform heat source that gently surrounds foods for better appearance, taste, and longer holding life.
- Product moisture is retained without adding water.
- Holding temperature gauge monitors inside air temperature.
- Extra large pans for additional capacity, or can be adapted to accept standard full-size pans.
- Can be built into cabinets or counters. Built-in trim kits are available.
- Stackable design.

OPTIONAL FEATURES

- Castor stand assembly.
